The *Health Profiles of Pennsylvania Counties* are a series of 68 individual profiles — one for each county and one for the Commonwealth. The most recent information available was used. The major data source is the State Health Data Center, Pennsylvania Department of Health. Additional sources include other program units of the Department (i.e., Bureaus of Epidemiology and Disease Prevention, Special Public Health Services, and Maternal and Child Preventive Health Programs, and the Office of Drug and Alcohol Programs), Pennsylvania State Data Center, Pennsylvania Office of Employment Security, Pennsylvania Medical Society, and the Pennsylvania Departments of Public Welfare and Transportation.

The profiles will continue to be updated biennially, with the next edition available in 1994. Comments and suggestions for improvement are welcome. If there are any questions or if additional information is needed, please contact the State Health Data Center, Pennsylvania Department of Health, P.O. The *Health Profiles of Pennsylvania Counties* are a series of 68 individual profiles — one for each county and one for the Commonwealth. The most recent information available was used. The major data source is the State Health Data Center, Pennsylvania Department of Health. Additional sources include other program units of the Department (i.e., Bureaus of Epidemiology and Disease Prevention, Special Public Health Services, and Maternal and Child Preventive Health Programs, and the Office of Drug and Alcohol Programs), Pennsylvania State Data Center, Pennsylvania Office of Employment Security, Pennsylvania Medical Society, and the Pennsylvania Departments of Public Welfare and Transportation.

The profiles will continue to be updated biennially, with the next edition available in 1994. Comments and suggestions for improvement are welcome. If there are any questions or if additional information is needed, please contact the State Health Data Center, Pennsylvania Department of Health, P.O. Box 90, Harrisburg, Pennsylvania 17108, telephone number 717-783-2548. The Pennsylvania Department of Health is an equal opportunity provider of grants, contracts, services and employment.

The *Health Profiles of Pennsylvania Counties* are a series of 68 individual profiles — one for each county and one for the Commonwealth. The most recent information available was used. The major data source is the State Health Data Center, Pennsylvania Department of Health. Additional sources include other program units of the Department (i.e., Bureaus of Epidemiology and Disease Prevention, Special Public Health Services, and Maternal and Child Preventive Health Programs, and the Office of Drug and Alcohol Programs), Pennsylvania State Data Center, Pennsylvania Office of Employment Security, Pennsylvania Medical Society, and the Pennsylvania Departments of Public Welfare and Transportation.

The profiles will continue to be updated biennially, with the next edition available in 1994. Comments and suggestions for improvement are welcome. If there are any questions or if additional information is needed, please contact the State Health Data Center, Pennsylvania Department of Health, P.O. The *Health Profiles of Pennsylvania Counties* are a series of 68 individual profiles — one for each county and one for the Commonwealth. The most recent information available was used. The major data source is the State Health Data Center, Pennsylvania Department of Health. Additional sources include other program units of the Department (i.e., Bureaus of Epidemiology and Disease Prevention, Special Public Health Services, and Maternal and Child Preventive Health Programs, and the Office of Drug and Alcohol Programs), Pennsylvania State Data Center, Pennsylvania Office of Employment Security, Pennsylvania Medical Society, and the Pennsylvania Departments of Public Welfare and Transportation.

The profiles will continue to be updated biennially, with the next edition available in 1994. Comments and suggestions for improvement are welcome. If there are any questions or if additional information is needed, please contact the State Health Data Center, Pennsylvania Department of Health, P.O. Box 90, Harrisburg, Pennsylvania 17108, telephone number 717-783-2548. The Pennsylvania Department of Health is an equal opportunity provider of grants, contracts, services and employment.

Dear Health Data User:

According to our records, you recently received a copy of *Health Profiles of Pennsylvania Counties 1992* which was produced by the State Health Data Center. Unfortunately, there is an incorrect figure on Page 2 of the Pennsylvania profile. **The age-adjusted death rate for female breast cancer that appears in the bar chart at the bottom of the page should be 25.2, not 14.0.** Please correct the figure on your copy.

If you have any questions or concerns, please contact the State Health Data Center at 717-783-2548. Thank you for your cooperation and we apologize for any inconvenience this may cause you.

Sincerely,

State Health Data Center
